GETTING READY FOR THE U

A GUIDE FOR TRANSFERRING TO THE UNIVERSITY OF UTAH

If well planned, your academic course work at another institution will be a valuable contribution toward earning a bachelor's degree at the University of Utah. Many courses offered from other schools will fulfill requirements in the U's General Education program- the basics required of all University of Utah students seeking a bachelor degree. You can even begin meeting requirements for some departmental majors while still a student at another institution.

The purpose of this guide is to inform you of the courses offered at other Utah institutions of higher education that meet specific requirements in various programs of study at the University of Utah. Preparing yourself *now* can save you both time and money.

How to Use This Guide

Many departments at the U have made agreements with the other schools in Utah. This means that the faculty at the U has agreed with the faculty at the other institutions that specific courses completed there will apply toward certain majors at the U. Therefore, for example, if you are a student at SLCC and are planning to transfer to the U, you will be able to take SLCC courses that will directly transfer into your proposed major at the University of Utah.

Applying to the U

You can apply online at <http://admissions.utah.edu>. You may obtain an application by calling, writing or visiting the University's Office of Admissions

Office of Admissions

201 South 1460 East, Rm 250S

Salt Lake City, UT 84112-9057

(801) 581-8761

The annual deadlines for admission are:

Fall Semester.....April 1

Spring Semester.....November 1

Summer Session I.....March 15

Summer Session II.....March 15

(Financial aid, scholarship, and many departmental application deadlines may be earlier. Contact the appropriate office for more information.)

An application for admission, a processing fee, and supporting credentials must be filed with the Office of Admissions by the published deadlines. Applications received after deadlines are subject to the late handling fee. Official transcripts from **all** colleges or universities attended must be submitted to the Office of Admissions in order for your application to be evaluated. Transcripts must be mailed directly to the University Office of Admissions from the records office of all colleges or universities previously attended to be considered official.

Applicants transferring fewer than 30 semester hours or 45 quarter hours will also need to submit an official copy of their high school transcript and ACT or SAT results. These students must meet the University's requirements as outlined in the *General Catalog* for both freshmen and transfer applicants.

The U's Admission Criteria for Transfer Students

Applicants with 30 semester hours or more of transferable work and a cumulative college-level GPA of 2.6*¹ or higher are likely to be admitted to the U. Those with a cumulative GPA below 2.6 will likely be denied. In addition, your last semester's GPA must be above a 2.0. **All** transferable courses attempted and not withdrawn from are figured into your GPA. The Credits and Admissions Committee will review additional information for applicants requesting special consideration.

You will be notified by mail of your admission status within 2-6 weeks after your application and all credentials have been received in our office. If you are denied admission, you will receive a letter with some recommended alternatives. A process of appeal is available; contact the Office of Admissions for more information.

How Transfer Credit Is Evaluated

Once you are admitted to the U, we will inform you of the total number of transfer credits accepted and designate the courses accepted toward completion of General Education requirements on your *Summary of Transfer Credit*. The summary will also notify you of your cumulative transfer GPA. Transfer courses are not computed into the University of Utah's GPA. Your University of Utah GPA will begin once you start taking classes at the U.

In state schools: The University of Utah will accept courses completed at accredited Utah colleges or universities with a course number of at least 1000 for state institutions and will generally accept courses with a course number of at least 100 for private schools (BYU, LDSBC, Westminster College) if you receive at least a D-grade. Students who have an associate of arts or associate of science degree or have completed the general education program at another Utah state-supported institution of higher education are considered to have satisfied the University of Utah's general education requirements.

Courses transferred from private Utah colleges are evaluated on a course-by-course basis of whether they are (a) transferable (can be used toward the 122 semester hours required to graduate) and (b) equivalent to courses offered at the University of Utah and, thus, can be used to qualify for admissions into a selective major.

Out of state schools: Transfer credit earned in residence at other accredited collegiate institutions is normally accepted if the work is similar in nature to programs offered at the U, and if grades of D- or better have been earned in credited courses. Courses transferred from out-of-state schools are evaluated on the basis of whether they are (a) transferable (can be used toward the 122 semester hours required to graduate) and (b) equivalent to courses offered at the University of Utah and, thus, can be used to qualify for admission into a selective major.

If you have attended schools not addressed in this guide and have questions regarding the transferability of those courses, please call the Transfer Office of Admissions at (801) 581-7286. For questions regarding the evaluation of AP, CLEP, and Challenge Credit refer to the University of Utah's *General Catalog* or contact the Transfer Office of Admissions/

It is important to realize that admission to the University of Utah **does not** guarantee admission into your intended major. Many departments require a separate application process and evaluate your course work for additional requirements.

Where You Can Go For Further Assistance

There are many important offices you will become acquainted with while attending the U. Several of these, including University College and Career Services, will offer immediate benefits to you. Orientation and New Student Programs office holds **Orientation** programs every semester before classes begin. If you are admitted by the

¹ Subject to change at any time

application deadline, you will receive an invitation to attend one of these very informative programs. Advisors at the Orientation programs will:

- Outline the University wide graduation requirements, including the General Education program
- Discuss class selection and program planning
- Assist students that have not yet chosen a major
- Familiarize you with the campus, student support services, and the many opportunities for student involvement
- Offer registration on the day you attend an orientation session for better course selection in your first semester at the University of Utah

Orientation may be one of the most important programs you will attend as a new University of Utah student. **You must attend orientation to receive priority registration.** All new University of Utah students pay a one-time matriculation fee. This \$70 fee covers the cost of the new student orientation, AP/CLEP/IB credit evaluations, writing placement exams, graduation evaluations, and registration with the Career Services Center.

The University's Career Services includes a nationally recognized career library with resources for extensive career exploration. If you have questions regarding the demand for graduates in your field, you will find valuable information located in the career library.

THE TRANSFER CENTER

At University College Advising

The Transfer Center is a resource to help students who are interested in transferring to the University of Utah. Our services begin with advisor visits to Utah community colleges and continue with advising and resources to help you once you are admitted and attending the U. We can help you:

- Select the best classes/programs at your home school to prepare for transfer
- Understand the application process
- Understand how transfer credits will be accepted at the U
- Select and plan for a U of U major
- Resolve questions and problems in your first semesters at the U

You can set up an appointment to see a transfer advisor on the U of U campus by calling (801) 581-8146 or visit our web site at www.transfer.utah.edu and see a schedule of our advisor visits to your school. Let us help you make a smooth transition to the University of Utah!

Still Have Questions?

For clarification of information contained in this guide, please contact the Transfer Articulation Coordinator in the University of Utah's Office of Admissions at (801) 581-8761. You may also contact individual offices at the U for specific questions.

The Getting Ready Guide is not an articulation guide. The Getting Ready Guide is created by the Office of Admissions and departments from the University of Utah to show how courses may transfer from other schools to complete major requirements. This guide is major specific. Courses that satisfy requirements for a particular major may not clear requirements for a different major. If you are interested in viewing articulation agreements made between schools, please visit the Utah System of Higher Education Transfer Guide.

ⁱ The Colleges within the University of Utah offering undergraduate degrees include Architecture (AR), Business (BU), Education (ED), Engineering (EN), Fine Arts (FA), Health (HE), Humanities (HU), Medicine (MD), Mines & Earth Sciences (MI), Nursing (NU), Science (SC), Social and Behavioral Science (SB), and Social Work (SW).

ⁱⁱ Students requesting admission to a restricted major will normally be accepted into “PRE” major status. Additional requirements must be met before acceptance into the program. Please refer to the specific department for information on admission criteria.

ⁱⁱⁱ The University of Utah’s residency hour requirement states of the total hours required for graduation that at least 30 semester hours must be earned in residence at the U. In addition, 20 of the last 30 hours must be in residence at the University of Utah.

^{iv} Computer Engineering majors must take two Intellectual Exploration classes in each of Fine Arts, Humanities and Social Sciences. These must include an ethics course, and two classes numbered 3000 or higher. A list of ethics classes is available from the academic advisor.

^v Computer Science majors must take two Intellectual Exploration classes in each of Fine Arts, Humanities, and Social Sciences. These must include two classes numbered 3000 or higher.

^{vi} All students must take two classes in each of the following three areas: fine arts, humanities, and social and behavioral science. An ethics class is required.

^{vii} The Athletic Training Major and the Physical Education Teaching Education major is restricted and is limited to 20 students by special admissions only.

^{viii} The College of Engineering has special accreditation requirements for Intellectual Exploration courses. See the department for details of these requirements.

^{ix} Occupational Therapy (OT) is a preprofessional major for students entering the professional program the senior year of their baccalaureate studies. Unless a student has been accepted into the professional program, he or she may not declare occupational therapy studies as a major. Students are encouraged to declare and pursue a separate major while simultaneously completing the OT prerequisites. Starting in fall 2015, all applicants must have a bachelor’s degree completed prior to starting the Occupational Therapy program.

^x The degree is granted through the college of the teaching major. Students must also apply to the Secondary Teacher Licensure Program through the College of Education.

^{xi} The departments offering teaching minors are: Biology, Chemistry, English, Geography, Health Promotion and Education, History, Spanish, Mathematics, and Physics.

^{xii} The departments offering teaching majors are: Art, Biology, Chemistry, Dance, English, Earth Science, Exercise and Sport Science, Health Promotion and Education, History, Mathematics, Music, Physics, Spanish, and Theatre.

^{xiii} Students with an emphasis in Actor Training must audition for acceptance into the program. There is open admission to all other programs.

^{xiv} Students with a BFA Emphasis in the Musical Theatre Program, MTP, must audition for acceptance into the program

NURSING

NURSING

The baccalaureate curriculum provides learning experiences in physiological, parent-child, community, and psychosocial nursing. Upon completion of the program requirements and after licensure, graduates are qualified to enter the health field as professional nurses who can provide direct care to patients, manage care of individuals and small groups of clients, provide health teaching and counseling, and serve on a collaborative health-care team.

- **Admission Criteria:** Enrollment to the Nursing program is limited and competitive. Students must be admitted to the University of Utah and must notify the College of Nursing Baccalaureate Advisor of their intent to apply for admission to the College of Nursing. Transfer students must have their transfer credits evaluated by University of Utah Admissions prior to applying to the College of Nursing.
- **Important Information:** A physical examination, documentation of current immunization (including hepatitis B series and second MMR), and proof of cardiopulmonary resuscitation/basic life support (CPR/BLS) certification are required after admission and prior to enrollment in any course with a clinical component. Students are required to pass all nursing courses with a grade of “C” or better.
- **Transferring Courses:** The following courses may be taken at BYU to fulfill requirements for the Nursing degree at the U. **There are additional requirements not offered at BYU that must be taken at the U.**

PLEASE NOTE: The requirements listed as being satisfied in the following table are for this major only. If you change majors, these courses may not clear requirements for your new major.

BYU COURSE	COURSE TITLE	CR	U OF U MAJOR REQUIREMENT SATISFIED	U OF U COURSE TITLE	CR

CHEM 1120	Elementary Organic Bio-Chemistry	5	CHEM 1120	Elem Bioorganic Chemistry	4
NUTR 2320	Food Values, Diet Design & Health	3	Course may satisfy major requirement. See departmental advisor.		
MATH 1040	Introduction to Statistics	3	MATH 1070	Intro to Statistical Inference	3
CHF 1500	Human Development	3	NURS 2100 or FCS 1500	Human Development: A Lifespan Approach to Health Human Development in Context Across the Life Span	3
HTHS 2230 & HTHS 2231	Introductory Pathophysiology Intro Pathophysiology Lab	3 1	NURS 2270	Pathophysiology I	3
MICR 1113 or MICR 3305	Intro Microbiology Medical Microbiology	3 5	Course may satisfy major requirement. See departmental advisor.		

- While attending Weber State, students may complete General Education requirements and courses identified to fulfill the University requirements, including foreign language credits and /or other transferable electives for the U. Students may have a letter of completion sent from WSU, which states all general education requirements have been completed.
- Students are strongly encouraged to attend a College of Nursing Information session before applying to the nursing program. See http://nursing.utah.edu/students/information_sessions.html for the schedule.
- If you have further questions regarding this major, you may contact:
Weber State University: Academic Advisement, (801) 626-6752

University of Utah: 425 NURS, (801) 581-3414

NURSING

The baccalaureate curriculum provides learning experiences in physiological, parent-child, community, and psychosocial nursing. Upon completion of the program requirements and after licensure, graduates are qualified to enter the health field as professional nurses who can provide direct care to patients, manage care of individuals and small groups of clients, provide health teaching and counseling, and serve on a collaborative health-care team.

- **Admission Criteria:** Enrollment to the Nursing program is limited and competitive. Students must be admitted to the University of Utah and must notify the College of Nursing Baccalaureate Advisor of their intent to apply for admission to the College of Nursing. Transfer students must have their transfer credits evaluated by University of Utah Admissions prior to applying to the College of Nursing..
- **Important Information:** A physical examination, documentation of current immunization (including hepatitis B series and second MMR), and proof of cardiopulmonary resuscitation/basic life support (CPR/BLS) certification are required after admission and prior to enrollment in any course with a clinical component. Students are required to pass all nursing courses with a grade of “C” or better.
- **Transferring Courses:** The following courses may be taken at Westminster College to fulfill prerequisite requirements for the Nursing degree at the U. *There are additional requirements not offered at Westminster College that must be taken at the U.*

PLEASE NOTE: The requirements listed as being satisfied in the following table are for *this major only*. If you change majors these courses may not clear requirements for your new major.

WESTMINSTER COURSE	COURSE TITLE	CR	U OF U MAJOR REQUIREMENT SATISFIED	U OF U COURSE TITLE	CR
BIOL 103	Human Anatomy & Lab	4	BIOL 2325	Human Anatomy	4
BIOL 104	Human Physiology & Lab	4	BIOL 2420	Human Physiology	4
