SESSION DESCRIPTIONS: CAMPUS LIFE & ENGINEERING DIRECT ADMIT

(Student eligible to attend this session will have it indicated on their name tag.) You received Direct Admission to the College of Engineering with your Admission to the U. What does this mean? What if you don’t know which Engineering Major you’d like to choose? What happens and who are your advisors? Advisors from the College of Engineering to have these and any other questions you might have about beginning your engineering studies at the U answered.

*For students admitted as pre engineering we will have a session in the afternoon on the Warnecke Engineering Building to answer the same questions for you… What does this mean? What happens next? And any others you may have.

Finding your community

- Student Equity and Diversity is committed to providing programming that assists first-generation, students of color, and others in navigating cultural, economic, social, and institutional barriers in order to achieve academic excellence.
- LBGT Resource Center: Provides comprehensive range of education, information, and advocacy services, and works to create and maintain an open, safe, and supportive environment for LGBT students, staff, faculty, alumni, and the entire campus community.
- Women’s Enrollment Initiative: We value women and what they contribute to campus and community. WEI is designed to recruit, retain, and graduate women through a network of support that provides opportunities and creates innovative partnerships that positively impact the full range of experiences for women as they pursue their educational and professional goals.

First Year Learning Communities

- Beacon Scholars: Beacon is a community of first generation college students, students who work to support one another throughout their University experience. We focus on personal and professional skill building. Each member of Beacon identifies a problem they see in the world and creates a solution. This is a zero limitation, fail-forward environment that engages you in real world problem-solving.
- Block U: A program that allows you to navigate all of your general requirements in a learning community, get to know six to eight faculty from three to four departments, and engage in a meaningful project all in your first year.
- Diversity Scholars Program: Supports students through a personalized campus orientation, regular interactions with faculty and staff of color, academic advising, multiple mentoring relationships, and off-campus community engagement opportunities.
- LEAP First Year Learning Community: A set of two-semester learning communities (one class each semester) that connect you to classmates, a peer mentor, a professor, fulfill three gen-ed requirements, and introduce you to college of your major.
- U-Start: The U-START Gender Justice Scholars program provide a solid start as students begin their journey at the U. Our program provides access, options for major exploration and keeps students on track for graduation through one-on-one mentorship, academic advising, and academic component, all in the first year. In the second year students participate in a hybrid classroom that integrates & connects students. Students participate in interest and career assessment, educational values assessments, career/majors research, and continue service learning opportunities.

Getting involved on campus

- ASU Student Government: Providing leadership experience, events, and services for students, plus funding and resources for student organizations.
- Fraternity and Sorority Life (Greek Life): Promoting the learning and development of students within the Greek Life Community, supporting efforts to be relevant and contributing members to the institution, and advocating for the academic success of all members.
- My U Signature Experience (MUSE): Find your signature educational experience and get involved with our annual theme year, lunchtime lectures, and MUSE Night Out dinners with faculty.
- Career Services: Dedicated to students with disabilities and providing the opportunity for success and equal access. Evaluates disability documentation, determines eligibility, and implements reasonable accommodations for enrolled students.
- Center for Student Wellness: Our mission is to create and promote a University environment supportive of healthy life-long behaviors and enhance academic and personal success through wellness programming, training and events.
- Counseling Center: Offers a range of personal development resources and health services for students dealing with a variety of concerns. Services include mindfulness training, coping skills workshops, support groups, individual counseling, couples counseling, and group counseling. Psychiatry services are available for clients engaged in ongoing counseling.
- Pre-Medicine: For those interested in dentistry, physical therapy, veterinary medicine, physician assistant, optometry, chiropody, podiatry, or pharmacy school.
- Pre-Law: Interested in law school? Hear from a pre-law advisor and learn what it takes to get in.

Scholarships and financial aid

The University Office of Scholarships and Financial Aid can answer questions about the different ways you can pay for your education.

Student Success Services

- Career Services: A bridge between the world of work for students and alumni that seeks to develop greater understanding, expand awareness of career opportunities, and foster effective job search practices in the discovery and realization of meaningful careers.
- Learning Success Center: An academic support program designed to give students the assistance they need to have a successful academic experience. Services include tutoring, and study skills workshops.
- My U Signature Experience (MUSE): Find your signature educational experience and get involved with our annual theme year, lunchtime lectures, and MUSE Night Out dinners with faculty.
- Student Success and Empowerment Initiative’s Student Success Advocates work holistically with students to determine how they define a successful university experiences, and connects them with the resources, people, and programs that can assist students in achieving their educational, personal, and professional goals.

Student Support Services

- Center for Disability Services: Dedicated to students with disabilities and providing the opportunity for success and equal access. Evaluates disability documentation, determines eligibility, and implements reasonable accommodations for enrolled students.
- Center for Student Wellness: Our mission is to create and promote a University environment supportive of healthy life-long behaviors and enhance academic and personal success through wellness programming, training and events.
- Counseling Center: Offers a range of personal development resources and health services for students dealing with a variety of concerns. Services include mindfulness training, coping skills workshops, support groups, individual counseling, couples counseling, and group counseling. Psychiatry services are available for clients engaged in ongoing counseling.
- Women’s Resource Center: Works as the central resource for educational and support services for students. Those services include scholarships, career counseling, training, advocacy and community outreach/education.

Touring Tours

Join Housing & Residential Education for a tour! You’ll be able to see a common first-year student room and learn more about ways to get involved, dining and why living on campus is the way to start your college career. Let us answer your questions and show you what life on campus is like!

(Please note, tours of the Marriott Honors Community are only available to Honors-admitted students who completed their housing application by March 10.)
There are more than 80 undergraduate majors to choose from, with nearly as many minors and certificates. Dozens of our academic programs – from computer science to psychology to physics to dance rank in the top 100 by U.S. News & World Report. Our rankings are only a by-product of our academic mission: Provide every student with a unique and enlightening education. Use this page to find which college/department your major or area of interest falls.
