Step One: IMAGINE.

Imagine coming up with a patentable medical device, or arguing a case before a live court. Imagine working on groundbreaking research, or studying at a sister university in a far off land. Imagine witnessing the game winning catch to win the conference championship with 6,000 of your closest friends, and cutting the first tracks in fresh powder before heading to class. All these things are possible at a place we call Imagine U — The University of Utah.
DAILY CAMPUS VISIT

Visiting campus is one of the best ways to learn about the University of Utah. Our daily campus tour is a two-and-a-half hour campus visit which begins at the Office of Admissions Welcome Center and includes an information session with an Admissions Counselor, a walking campus tour with a current University Ambassador, and a housing tour to explore where you can live, learn and enjoy campus life to the fullest.

Campus tours happen twice daily and we also offer tours one Saturday a month.

CONNECTING U DAYS

Join us in the fall for Connecting U Days (CUD), a great event that provides prospective students and parents with a ‘snapshot’ of the University of Utah through an abbreviated campus tour, information on the admissions process, financial aid process and scholarship process, as well as information about first-year student programs and services. CUD is a wonderful ‘preview’ of the U of U campus.

CONNECTING U DAYS FOR 2014:

RED, WHITE & U DAY

Your first year of college is an exciting time but there’s so much to learn and prepare. Each spring the U holds Red, White & U Day—a fun, informal event designed specifically for admitted students and their parents to answer questions and help get you ready for school.

This celebration welcoming all future U students includes free food, campus and housing tours, and helpful information about scholarships and financial aid. In between getting a feel for your future stomping grounds, you’ll also have the option to pay your enrollment deposit fee and schedule your Orientation session. This is an enjoyable event that takes the stress out of preparing for your first year at the U.
