Introduction

Dear University of Utah Alumni Representative,

There are many ways that university graduates can continue to be involved with their alma mater. Your decision to be part of the alumni student recruitment team is an indication that you value your education at the University of Utah and have a desire to share with others what you know and feel about your college experience. It also is an indication that you have a desire to give back to the institution that provided you with the foundation for your career and professional life. Your university continues to be one of the greatest higher education institutions in the nation and is on a trajectory to become not only greater, but renowned. Our job is to inform students and their families, as well as high school counselors and others about the programs, opportunities, and value for the educational dollar at the University of Utah.

Every year, school districts and other entities hold college fairs. At these events, representatives from higher education institutions come together for a few hours in a community center or a high school gym, giving students and their parents a chance to receive information and literature from many colleges in a short amount of time. The University of Utah participates in as many of these as possible, but with your help, many more people will be provided with the opportunity to learn about the U. As an alumni representative you will have the satisfaction of knowing that you are assisting students as they are deciding on their post-high school plans. Using the materials that will be provided, you will answer questions about admissions requirements, costs, scholarships, financial aid, dates and deadlines, majors offered, and general information about the University. But even more, your experience as a former student will create an additional level of interest and desire among those you meet. It is not expected that you should become an expert on all aspects of the University of Utah. You will provide students with informational literature and answer a few basic questions. Then you will encourage them to fill out a card which will enable them to request more information about specific programs and majors offered at the U.

There are thousands of colleges and universities in the United States. Only a few of them might be considered as the “household names” of American higher education. Your service will make a great contribution toward adding the University of Utah to this elite list of schools.

Thanks so much,
Alumni & Parent Volunteer Admissions Team
Office of Admissions
University of Utah
Fair Details
(What to do the Evening of the Fair)

Thanks to your service, many additional students, families, and high school counselors will gain valuable information about the U. Some will make the decision that this is the school for them.

College Fairs may be held in high school gyms, community centers, convention centers, or other venues that can accommodate large numbers of people. The layout typically consists of a big room with tables, each with the name of the school that will be assigned to it. Most fairs arrange the schools alphabetically so the University of Utah is usually somewhere near the end.

It is best to arrive at least ½ hour before the scheduled start of the fair. Earlier is even better if you can. The host school or district almost always provides food and snacks for the college representatives, and there is usually a hosting area provided. This is a great time to meet the other college reps, some of whom will also be alumni.

Locate your table as soon as you arrive and get your materials set out. Put out enough materials for fifty people or so and then replenish them as you go along. I have included in this booklet a list of questions that are most frequently asked at college fairs. This will suffice for 90% of interactions you have. I have also included some University of Utah fast facts that you can refer to. You will also find a list of undergraduate majors. Two pages of materials on the essentials of admissions and costs are also included. This information is also in one of the handouts you will give to students.

At most college fairs, students and their parents are kept out of the exhibit area until the scheduled start time of the event. When they do come in, it is common for them to rush to the tables of the schools they know best or are most popular in your region. However, as the U of U is getting better known, it is my experience that we get plenty of activity. Give the students handouts; answer their questions; invite them to take a pen; and encourage them to fill out an interest card so they can request more information about the program or major of their choice.

After the Fair
When the fair is over, put the interest cards in the return envelope that has been provided and fill out the short questionnaire (see the following page), about the fair for our records. If you have materials left over and you have no other fairs to attend, please inform alumni recruitment team. At that time she will discuss the redistribution of the materials to another representative or to be sent back to the University of Utah Office of Admissions.

Please fill out this form and return it with the cards in the envelope provided.
Some college fairs are sponsored by individual schools, some by school districts, and some by regional and national associations of college admissions counselors. The fair you attend may have anywhere from fewer that 100 attendees to more than 5000. During training (in person, over the phone or online) you will be told about how many to expect so that you will have the right amount of materials. Fairs may be held in high school gyms, on college campuses, at community or convention centers, or other venues that will accommodate large numbers of people. Below are some practices that will keep us in compliance with the principles of good practice as prescribed by the National Association of College Admissions Counseling (NACAC) of which the University of Utah is a member.

**DO...**

- Come dressed professionally.
- Arrive on time.
- Check in at the information booth.
- Ensure that you are current on all U of U facts, admission standards, deadlines, etc.
- Make sure that your display table/booth is stocked and organized at all times.
- Maintain a positive attitude and demeanor throughout the fair.
- Distribute only educational and informational materials about the U.
- Stay in your booth while having conversations with fair attendees.
- Be courteous to attendees and to other exhibitors.
- Stay until the end of the fair.
- Fill out an exhibitor evaluation and return it to the information booth.
- Ask open-ended questions about the student. For example: major interests, career plans, have they visited campus or the website, etc.
- Encourage the student to fill out the prospective student card (white card).
- Sign up for our facebook page at facebook.com/UtahAdmissions.

**DON’T...**

- Extend displays beyond the limits of the booth.
- Leave your booth unattended for extended periods of time.
- Distribute candy, bags, pennants, or other promotional materials.
- Make disparaging remarks about other colleges or universities.
- Discourage anyone from applying, even if you believe the student is not qualified.
- Allow more than three representatives in your booth at a time.
- Leave materials about your institution in the rest rooms or any areas other than in your booth.
- Guarantee a student admission to U, no matter how strong their grades and test scores.
- Be afraid to say “I don’t know” to questions you do not know the answer to.
- Use your cell phone while students or parents are present.
- Promise financial aid assistance of any sort to anyone.
- Refer to stereotypes or make any stereotypical comments.
What can I study at the University of Utah?  
We have bachelor’s degrees in 100 different fields. Most degrees offer multiple specialty options. The University also has over 100 graduate programs the majority of which lead to the doctorate. We have schools of medicine, law, pharmacy, nursing, architecture, engineering, business, education, and many others.

What are the most popular majors?  
Business, engineering, psychology, economics, human development, and nursing are all popular bachelor’s degree majors at the University of Utah.

How big is the University of Utah?  
In the fall of 2014, there were 31,515 students, 23,907 were undergraduates and 7,608 were graduate students.

How large are classes?  
In 2014, 50% of all undergraduate courses had less than 20 students. 85% had 50 students or less.

What are the admission requirements?  
While there are no specific minimum GPA and test score requirements for admissions, the middle 50% of the 2014 entering freshman class had the following academic profile—3.30 to 3.88 GPA, an ACT score of 21 to 28 and an SAT score of 1020-1290.

So what does it take to get in?  
Our commitment to student success is at the heart of the University of Utah’s mission. Identifying applicants who are well prepared for academic success is one of the keys to providing our students with an extraordinary undergraduate experience. The University of Utah utilizes a holistic review process when assessing freshman applications to ensure we give all students the best opportunity to present a complete picture of their qualifications.

Primary factors
- Quality of courses and rigor
- Grade trends
- Cumulative unweighted GPA
- ACT and/or SAT standardized test scores
- Satisfactory completion of high school core course requirements

Secondary factors
- Academic honors
- Extracurricular activities
- Commitment to community engagement, citizenship and leadership
- Application questions (extraordinary family obligation, military service, extenuating circumstances)

How much is tuition, room and board?  
The cost for tuition, room and meals at the University of Utah is among the most reasonable in the nation for a major research institution. A freshman Utah resident taking 15 credit hours per semester pays $8,240 per year in tuition. For a non-Utah resident the tuition charge is $26,180. Room and meals for a shared room is $10,746 (residency status doesn’t matter).
Are freshmen required to live on campus?
Freshmen are not required to live on campus, but are encouraged to do so.

Are you a public or private university?
The University of Utah is a public university and is the flagship institution of the Utah system of higher education. Founded in 1850, it is the oldest public university in the west.

Can I gain residency for tuition purposes while attending school?
Generally this can be accomplished by being physically present in the state for 12 months; obtaining a Utah driver’s license, car registration, voter registration; and not being claimed as a dependent on the income tax return of anyone not a resident of Utah.

What is campus life like?
• Over 500 campus clubs centered on just about every interest imaginable
• Very active student government
• Daily campus newspaper
• Greek fraternities and sororities
• Seventeen varsity sports, with free student admission to most home games
• Fourteen additional intercollegiate sports clubs.
• Multiple intramural sports
• Great outdoor recreation program
• Numerous free lectures, concerts, recitals, plays, and other activities
• Opportunities to associate with students from all fifty states and over 100 foreign countries
• Free unlimited use of Utah’s bus, light rail, and commuter rail system

What kind of scholarships and financial aid are available?
The U’s Office of Financial Aid offers scholarships for resident, non-resident, first-year, and transfer students and maintains a database of departmental scholarships as well. Freshmen who apply for admissions by the Dec. 1 priority deadline are automatically considered for merit-based scholarships. Financial aid is based on need and comes in the form of grants, loans, and work-study.

Can I have a car on campus?
Students are allowed to have cars. They also have free use of the Salt Lake region’s extensive bus and light rail system, which is free and unlimited to students with their U of U ID, which for many students makes having a car unnecessary.

What can I do for fun?
The Salt Lake metropolitan area has a population base of over one million people. With that comes a vibrant city life with restaurants, movies, shopping, clubs, professional sports teams, full-time symphony orchestra, ballet, and opera, all within minutes of the campus. The University is located at the foot of the magnificent Wasatch mountain range. Seven major ski resorts are literally minutes from the campus. Hiking, camping, mountain biking, rock climbing, white water rafting, and fishing are among a few of the outdoor activity options available to our students.

Will the University of Utah help me to get a job?
The University’s career services department will help you with your job search. They offer assistance in resume preparation; finding internships; interview skills; linking majors to jobs; and many other services. Employers come to the campus throughout the year to participate in job fairs. There are also thousands of on-campus jobs available to students.

What other programs does the U have?
Study abroad; national student exchange;
undergraduate research opportunities; internships and programs through the Hinckley Institute of Politics; an active community service program; the Honors College; freshman small group cohort learning communities; and many others.

Where is the U located?
The University of Utah is set on the eastern edge of Salt Lake City. Campus is just minutes away from a vibrant downtown – the epicenter of SLC’s restaurants, theaters, pubs, and civic events – and blossoming neighborhoods, like the coffee-and movie-art-house hub, 9th and 9th district.

Salt Lake City is the capital of Utah, is home to about 190,000 residents, and covers 84,900 square miles, making it the 11th largest state in the U.S. There are 21 national parks and monuments in the state, including Zion National Park, Dinosaur National Monument, Arches National Park and the Golden Spike National Historic Site. Salt Lake is about a 6 hour drive from Las Vegas; 5 hours from Yellowstone National Park; and 6 hours from the Grand Canyon.

The city is home to a large international airport (the westernmost hub of Delta Airlines), and is easily accessed by multiple freeways. The University of Utah sits at the base of the Wasatch Mountain range, which – together with the rest of the Utah mountains – are on average the tallest in the United States, enjoying an average snowfall of 500 inches per year.

What is the PAC-12, and why does it matter?
“PAC-12” is the Pacific-12 Conference, an elite collegiate athletic conference in the Western United States (Arizona, California, Colorado, Oregon, Utah, and Washington). In addition to superlative athletics, being a member of the Pac-12 means that the U is shoulder-to-shoulder with some of the most impressive schools in the west. Combined, the 12 schools in the conference boast over 130 Nobel Laureates, more than 40 Pulitzer Prize winners, and a slew of technological patents and businesses grown from university research. As a member, the U enjoys excellent competition both on the field and in the classroom. It also means addition funding to the flagship university of the state and a wider recognition across the United States and around the world.

Undergraduate Studies
  Leadership Studies

* Minors with Special Admissions Requirements
A certificate program is similar to an academic minor in that there are fewer courses that must be completed for a major. Once the qualifications have been met, the University confers a certificate at graduation and in some cases, records this achievement on the official transcript.

The following Undergraduate Certificate Programs are available at the University of Utah.

College of Architecture + Planning

The College of Architecture + Planning designs everything from coffee cups to cities. Its programs are ranked in the top 15 in the nation, and it is ranked in the top 5 programs for students who pass the national exam.

What does the College of Architecture + Planning do?
• Creative design
• Building
• Planning
• Computer technology
• Issues of social and ecological responsibility
• Scholarly study of the history and theory of the built landscape

Degrees offered:
• Architecture Studies
• Urban Ecology
• Multidisciplinary Design

Dual degrees:
• M.S. Historic Preservation
• M. Architecture/MBA

Certificates:
• Historic Preservation
• Urban Design
• Design

Admissions:
• Students should apply toward the end of their sophomore year.
• Architecture Studies and Multidisciplinary Design are closed majors and require prerequisites to enter the major:
  Arch 1615 Intro to Arch.
  Arch 1630 Arch. Graphics

Math 1210 Calculus
Physics 2010 and 2020 I &II
• 2.7 GPA for undergraduate applicants, and 2.0 for graduate.
• GPA is not a strict indicator on applications.
• No need to take AutoCAD or submit a drawn floor plan to be accepted.

The College of Architecture + Planning has an early assurance program, and has prerequisites as well. Students are required to submit a portfolio for admissions. The school is looking for skills in composition. Drawings in the application portfolio do not need to just be buildings—they are seeking more diverse and artistic points of view.

The College of Education is nationally recognized, and boasts undergraduate and graduate programs in Education, Culture & Society, Educational Leadership and Policy, Educational Psychology and Special Education. With an emphasis on math and science, and a host of clinical experiences - including student teaching and practicum experiences - the College of Education prepares students for a successful teaching career.

College of Education
- The College has undergraduate and graduate programs in Education, Culture and Society, Educational Leadership and Policy, Educational Psychology and Special Education.
- The Teacher Education programs focuses on urban schools and diversity, with evidence based on practice and clinical experiences.
- There is an increased emphasis on preparing teachers in science and math education.
- It offers pre-service program initiatives with student teaching and practicums.
- Scholarships are offered through the Deans Office and College of Education, both merit-based and need-based. The deadline is March 1.

PROGRAMS
Special Education
- BS in Special Education

Secondary Education
- Major and Minor is specific content area
- Take education courses to receive license
- ESL built into the endorsement

Elementary Education
- Bachelors of Science, ESL, and Teaching endorsement (rolled into one degree)

Several merit-based scholarships are available. Apply with the college-wide application available in the Dean’s office.

The College of Engineering is ranked 49 of 360 schools in size of undergraduate enrollment, and is among the top 50 schools for enrollment in four of its majors. The College is 36th of 203 schools in annual research expenditures, and is the top producer of research and products coming out of the U of U. A student’s major choices are important, but the general information below can help you make your decision.

**Majors:**
- Biomedical Engineering
- Chemical Engineering
- Civil & Environmental Engineering
- Computer Engineering
- Computer Science
- Electrical & Computer Engineering
- Materials Science & Engineering
- Mechanical Engineering

**General Information**
- Students need to be calculus ready (take it in high school).
- AP Statistics does not fulfill requirement.
- Department admits about 180 students.
- The mechanical engineering program has a different application process than the other emphases. The application is available on the college web site.
- Application deadline is April 6.
- Students must first be admitted to the university and then to the program.
- The U boasts the only biomedical and materials engineering programs in the state.
- The longer a student is in the program, the more scholarship money is available for the student.
- Creative minds make for good engineering students.
- Most juniors and seniors in the program are in internships.
- Women are considered an underrepresented group in the program.
- Department is number one in the nation in regards to research dollars per student.
- World-class professors and faculty mean more of an opportunity for students to be published.
- 37th of 337 schools for the number of tenure-track faculty.
- Starting salary for BS graduates is around $50,000 to $70,000.

College of Fine Arts

The CFA has programs in Music, Art, Art Teaching, Art History, Ballet, Film & Media Arts, Modern Dance, Music and Theatre, which include a stage management program, a professional theatre house (Pioneer Theater Company), an actor training program, musical program, and design program. The dance programs are among the top 5 in the nation, and - unlike the majority of colleges - the U has an entire building devoted specifically to dance, the Marriott Center.

There is an annual “Kick Off” event for the school year where students can enjoy performances from each department. Direct interested students to www.finearts.utah.edu for more info.

The U in the Arts Initiative provides an Arts pass with your U-ID:
• 2 free rush tickets to Pioneer Theater
• $5 tickets to Kingsbury Hall Events
• Free Admission to the Utah Museum of Fine Arts
• Over 200 events annually programmed and supported by the CFA

Admissions:
• Departments of Ballet, Modern Dance, Music, and Theatre hold auditions. Students are able to send a DVD audition if not physically able to attend auditions (contact Dept. for requirements)
• Students must apply to the University of Utah in order to audition, and need to be in admission process by Dec. 1st

Theater:
• Programs for backstage production
• Interior design/lighting/stage management
• Diverse range of theater productions
• Offers both BA and BFA
• Lots of opportunity for students for involvement on campus and off campus

Dance Ballet/Modern:
• Total immersion program
• 80-90 core credit hours for the program to graduate.
• Utah Ballet is the University’s Ballet Dance Company
• Performing Dance Company is the Modern Dance Departments Dance Company.
• Ballet auditions are November 14, 2015 and February 6, 2016. Modern Dance auditions are August 21, 2015. Thirty students are accepted into Ballet and Modern Dance programs each year (100-150 audition)

The Frequently Asked Questions about the Arts can be found on the College website along with information and a calendar: www.finearts.utah.edu

> Four out of five CFA alumni say they are satisfied with their jobs in the arts.

The College of Health is one of the U’s largest, with 3,800 students, 30 labs and clinics, 19 BA/BS degree emphases, 16 Master’s degrees, 3 clinical doctorate degrees, and 6 Ph.D. programs, as well as a newly established dental program. Despite its size, the College boasts smaller and interactive classes with hands-on learning.

Because most specialities are healthcare related, most will require a masters degree if you want a job in the healthcare field.

All prospective, new, or continuing students in the College of Health are invited to meet with Academic Advising Coordinator Shari Lindsey for help.

The College of Humanities is the second largest college at the University of Utah with six departments and the most majors and minors in the University. The College hosts the Middle East Center and Center for Asian Studies, as well as the on-campus Humanities House, and encourages students to engage in the global society.

The College of Humanities hosts six departments:
- English
- History
- Philosophy
- Linguistics
- Communication
- Languages and Literature
- The Humanities help critical thinking, thinking flexibility, the ability to persuade, and rhetoric, as well as addressing cultural and international issues and ethical conundrums.

Humanities courses teach:
- Communications skills
- Argumentative skills
- Critical thinking skills
- Flexibility
- Cultural and social context
- Persuasive skills

- The College teaches 24 different languages, and is one of four universities that teach Pashto(u).
- Foreign Language Area Studies (FLAS) scholarships available for undergraduate and graduate students who are studying federally recognized "critical languages."
- The College is reaching to work with K-12 schools to incorporate more foreign languages in their curriculum.
- The College sponsors 5 centers total, 3 reaching for "National Resource Center" designation:
  - Middle East Center
  - Asia Center
  - Latin American Studies Center
  - American West Center
  - Tanner Humanities
- The College seeks diversity (not just ethnic or gender-related).
- Students can also get involved with the Humanities House as part of the Living Learning Community.
- Humanities degrees help students develop basic skills necessary for any career path, providing students greater adaptability in the job market and marketability.
- Each Department has a myriad of scholarships in addition to those available from the College and the University.
- The College offers a 1st Generation Scholarship Program for students who are the first to go to college in their families.
- The College of Humanities hosts monthly Lunch and Learns about student involvement and opportunities, such as ASUU and the Money Management Program.
- The College also sponsors Mentor Mixers – bringing professionals to tell their stories to students.
- The College of Humanities emphasizes getting started on your career path early and using resources such as Muse, Bennion Center, and community outreach.

Fun fact: People in the liberal arts actually make on average about three times more than people in business.

The College of Law is a small school; with 115 seats each year, they are the 25th smallest in the nation. The school boasts a nine to one student/professor ratio, and an honors program with law-specific, on-campus housing.

The College is looking for academic diversity and sincere community engagement, with over half their students attending on scholarship.

Why the Quinney College of Law?
- Study in Utah's capitol, a major metropolitan area, with state and federal government opportunities.
- The U is below the national level of average post-graduation debt. Nationwide, 85% of law students use loans to get through school.
- Tuition Benefit Program: waiver of 90 percent of non-residence fee. The following year, students can apply for in-state tuition.
- Yearly cost roughly $22,000 for in-state students, and $40,000 for out-of-state.
- Average starting salary after graduating with a Law Degree:
  - 2011: $60,000
  - 2010: $63,000
  - 2009: $73,000
- 52 percent of law students are on scholarship (two-thirds of which are merit based)
- You don't have to have a pre-law degree.
- Usually pre-law is some sort of political science degree, but social sciences are good (political science, psychology, sociology), humanities, or even science and math are great!
- The average age of graduates is 28. Roughly 40 percent are women, 11 to 15 percent have another graduate degree.
- New Law School Building will be completed fall, 2015. The $65 million project will double the size of the school and will be 5-6 floors.

Tips and Hints:
- Do well academically! Develop a good academic skill set.
- Student applications are evaluated individually. The school looks at types of classes taken and where.
- Student involvement is also key (seeking for depth and quality, not necessarily quantity.)
- Take advantage of opportunities to lead.
- Refer to pre-law advisors for help.
- If interested, participate in the early assurance program.
- The College puts on workshops for underrepresented groups, which expose high school seniors and college freshman and sophomores to what a day in law school is like.

The College of Mines & Earth Sciences has four departments, including one of only 13 geological engineering programs in the country, as well as the only Atmospheric Science program in Utah. The programs are rigorous, but undergraduate students typically earn between $65,000 to $85,000 out of school.

Geology and Geophysics: 1 major with 5 emphases:
- Geology B.S.
- Geophysics B.S.
- Environmental Geoscience
- Geological Engineering B.S.
  - Only 13 programs in U.S.
  - Must be prepared for math, C+ minimum for Calculus I
  - Currently just 15 students in the program, with 3 to 4 graduating per year. Students who graduate find jobs quickly because graduates are rare.
  - Roughly 15 to 17 credits per semester, and courses are difficult.
- Earth Science Education

Atmospheric Science:
- This field deals with both the weather and how energy is transferred throughout the Earth and atmospheric change.
- Strong emphasis on research in the sciences.
- Career options are broad due to a lack of atmospheric scientists. Jobs are across the U.S. and with various government agencies.

Metallurgical Engineering:
- Learn how to use natural materials and metals in everyday objects/tasks.
- 40 undergraduate students.
- Scholarship support ranges from $1500 to $6000 per year, depending on funds and qualifications.

Mining Engineering:
- Graduates usually have a great starting salary and many job opportunities.
- This is a very rigorous program.
- 5 year master’s program just recently approved.
- Must have a strong math background.

General info:
- College seeks more women and minority students.
- There are many financial opportunities in the sciences that support students.
- There are no pre-major restrictions.
The College of Nursing is a nationally ranked program and boasts the best simulation center in the country. A newly renovated building hosts this competitive program, providing students state-of-the-art, hand’s-on educational experiences.

Nursing is a closed major, meaning students must apply. Nursing requirements are cleared by faculty and staff, and students must have general education requirements complete before they begin the nursing programs. Students start as juniors. There are three undergraduate programs:

**RN-BS Online Program**
- 1 year program (4 semesters)
- Must be a licensed registered nurse to participate

**Accelerated Baccalaureate**
- For people who have changed their career path or major
- Only 64 admitted
- Any B.S. or degree required to apply
- Looking for well-rounded students with education, leadership, and community involvement.

Contact Nicole Brandt at 801-581-8487 or nicole.brandt@nurs.utah.edu

**Baccalaureate Program (Traditional)**
- Nurses in this program get to explore different types of nursing environments and are prepared to score a 100% on their RN Exams.
- The College of Nursing is ranked #26 by US News/World Report and #8 for Midwifery.
- Prospective students MUST attend the mandatory program information sessions before meeting an advisor.
- Must have a minimum 2.8 cumulative GPA, with a minimum 3.0 in all prerequisite courses. Average GPA is 3.66.
- In addition, MS, DNP and Ph.D. degrees are available.

**Early Assurance Program**
- High School Students can apply while seniors.
- Admitted Honors College students that indicate college of nursing are given automatic admissions to the NAP program.
- Interview with faculty for admissions by the Feb. 1 deadline.
- If accepted students maintain a 3.5, they are guaranteed a seat in the RN program.

**Other Information:**
- Nursing is not a program to get into medical school.
- The U boasts the best simulation center in the country.
- Any sort of patient care experience is a plus when applying, CNA not required.
- The program has a 98-100 percent passing rate on the licensing exam.
- The average GPA of applicants is 3.66. W’s or repeats on transcripts are negative.
- Roughly 1/3 of applicants are accepted each year.
- No deferred admission unless students are called up for active duty in the U.S. Military.

College of Science

The College of Science has four departments:
- Biology
- Chemistry
- Math
- Physics and Astronomy

The College offers BA/BS, MA/MS, and Ph.D in all 4 departments. Plenty of opportunities in research are available, including the MUSE Project (undergrad research) and the ACCESS Program for undergraduate females.

General Information
- There are about 1600 students in the college.
- The College of Science is ranked among the top 30 science programs in the country.
- The College receives $30 to 40M annually. Part of this money pays student employees, allowing them to work in their chosen field.
- The College has many notable alumni who are well known in their fields for their research.
- There is $300,000 in scholarships offered to undergraduates ($3,500 - $1000 each).
- The College offers a $1000 housing waiver to promote living on campus during the summer (apply online with transcripts and letters of recommendation).
- The College offers a Science Day for high school students interested in the sciences. On average, about 700 students and parents total.
- Three of the departments are successful in helping students get into medical school (usually Biology, Chemistry, Physics).
- Students who want to pursue a doctorate in Physics can receive $25,000 and full tuition coverage.
- Graduates of the program are getting into top medical schools, including Stanford, the Mayo Clinic UCLA, U of W and the U of U.
- 21 of the faculty have been awarded Utah's Governor’s Medal in Science.
- Nobel Prize Winner (2007), Mario Cappecchi is faculty in the department of biology.

The motto of the College of Social & Behavioral Science is “Connections that Matter”, with a goal of connecting students to the community through service, internships and work. With a variety of programs and majors, the College is the largest on campus.

Departments:
- Anthropology
- Economics
- Family & Consumer Studies
- Geography
- Political Science
- Psychology
- Sociology

Programs:
- Environmental & Sustainability Studies
- Ethnic Studies
- Gender Studies
- Health, Society & Policy

Anthropology
- Study the diversity of humans through biology and psychology in time and space.

Health Society and Policy
- An open major with plenty of opportunity for internships, SAC, and clinical experience.

Economics
- The second largest major (after Psychology). A vibrant department with new courses discussing contemporary issues.

Environmental and Sustainability Studies
- A great route to law or grad school, with plenty of involvement and community analysis.

Ethnic Studies
- A program that embraces diversity whether cultural, religious, racial or international.

Family & Consumer Studies
- Focus on financial planning, early childhood education, and family life education, while enjoying opportunities in faculty research.

Gender Studies
- A great double major, with groundbreaking and vital studies.

Geography
- Plenty of field trips, and great internships with government agencies.

Political Science
- A program that looks beyond just domestic policy and issues, in a superb location--Salt Lake is the state capitol with multiple levels of government and internship opportunities.

Psychology
- The college's largest department focuses on more than just the human side. Enjoy abundant student involvement, outreach in the field, and online classes when necessary.

Sociology
- An open major, quick, with an emphasis on diversity and society. The department offers a criminology certificate and provides job opportunities in government, justice, and public service.

Beginning fall 2014, all merit-based scholarships are automatic. They need only apply by December 1 to be considered. Need-based scholarships require a separate application.

The David Eccles School of Business boasts five departments and eight majors, all housed in the new Spencer Fox Eccles Business Building. The School is ranked No. 23 in Entrepreneur Magazine’s Top 25, and 129th in the nation in U.S. News & World Report’s “America’s Best Colleges”.

There are 8 majors in the School:
- Accounting
- Business Administration
- Entrepreneurship
- Finance
- Information Systems
- Management
- Marketing
- Operations Management

Route to Graduation:
- Complete the pre-business courses and then declare major.
- Must take 6 pre-business courses and pass with a C- or better.
- The School accepts AP/IB credit.
- Business is a closed major and competitive by GPA (a comparison of cumulative and business courses GPA). If all prerequisites are done, students need a 3.2; if in progress, student needs a 3.4.
- Students can complete an Honors degree (except Business Administration majors).

Business Scholars:
- The School offers a program for the top business students. These students are generally offered more scholarship, travel, and study opportunities. The ACT average of these students is 29, and GPA is 3.8.
- Apply online for the program and scholarship opportunities.

Minors:
- Business and Entrepreneurship
  » Offered Fall 2016, available only to Business majors; Non-majors may pursue an Entrepreneurship Studies Certificate. Business Minor open to non-major only
- Open to all students (except business students).
- No GPA requirement, most have fully declared major.

Student Involvement:
- The School has 12 clubs and organizations specifically for business students.
- The Pierre Lassonde Entrepreneurship is one of the top centers in the country and offers opportunities for student competitions.
- Finance & Investing – University Venture Fund, which gives students the opportunity to manage real funds.

Scholarships:
- There is $600,000 in scholarship money.
- Students must be pre-business or business majors.
- Applications for scholarships are due by February 1st.
- Most scholarships require at least one semester completed.

The University of Utah School of Medicine has over 1,000 physicians and researchers on staff, with 22 clinical and basic-science departments. The School is also widely recognized for research in genetics, cancer, biomedical informatics, infectious diseases and other leading edge medicine.

The University of Utah School of Medicine school is well-rounded, with the one of the most modern teaching facilities in the country.

- Each class has only 82 seats (62 reserved for in-state students; 8 reserved for students from Idaho).
- Students can enter the Medical School from any degree background.
- Interview process involves an explanation of why the student wants to be a physician.
- The College is seeking students with diverse experiences in health care or health-related community involvement.
- Roughly 1200 students apply; the interview process reduces the number to 500, from which the incoming class is chosen.
- The School reviews applications holistically.

To be admitted, students are evaluated in 8 major areas, and successful candidates distinguish themselves with outstanding performance in one or more of these areas:
- GPA
- MCAT (Medical College Admission Test)
- Extracurricular Activities
- Community/Volunteer Service
- Leadership
- Research
- Physician Shadowing
- Patient Exposure

To determine if you’re a good fit, try the School’s self assessment online at medicine.utah.edu/admissions/criteria/selfassessment2009_2010.pdf or learn more at medicine.utah.edu/admissions/criteria/index.php

Twenty-five to fifty percent of incoming students at the U are undecided on their major, and 50 to 70 percent change their major at least once during their college career. The University College is here to offer assistance on major selection and advising on career choice, class selection and extracurricular involvement.

Coming in undecided does not slow down your degree! We have resources to help:

- Major Exploration Center
- MAJOR EXPLORATION EXPO - September 30, 2015 10am-2pm
- 1 credit course to explore majors
- Assessments:
  - Strong Student Interest Inventory
  - Myers Briggs
  - MBTI
- Majors A-Z on website
- Major videos
- One-on-one, by appointment advising (about 30 min. sessions)
- 25-50% of incoming students are undecided, 80% are uncertain and 50-70% change their major at least one time in their college career.
- University College offers UC/Leap 1050, which is a 1 credit course to explore majors.
- Pre-professional advising not only advises on classes but also on extracurricular activities.

The University College is also in charge of transfer students.

- Half of all students at the U are transfer students.
- All counselors are transfer student counselors as well.
- You don’t have to graduate from a community college to transfer to the U.
- Whether freshman or transfer, students cannot register for classes until they’ve attended Orientation.

Pre Professional Advising

- Pre-law, pre-medical, and pre-dental all fall under the jurisdiction of the University College.
- Pre-med: It does not matter what your major is, just get good grades, be involved in leadership, and have fun.

Advising Resources

There is a mandatory advising program. You must meet with a counselor while studying at the U.

DARS and GPS (grad planning system)

Students can access their DARS report which monitors their progress in school. GPS is a tool used for students to explore different majors.

Student Services Building, Room 450
The Honors College is for U students who have great GPAs and enjoy being involved. The College is home to 2500 students in a variety of majors, and gives students a myriad of resources and opportunities to get involved, like Honors Housing, think tanks, scholar groups and an Early Assurance Program.

Honors Opportunities:
- Scholarships
- Mentorships
- Internships
- Social Opportunities
- Graduate & professional school advising
- Distinguished scholarship advising

Academic Excellence:
- Distinguished faculty
- Small classes (only 30 students)
- Courses can fill General Ed requirements.
- Class community projects.

Engaged Learning:
- Praxis Labs
- Honors College Scholars
- Honor’s International Leadership Academy
- Honors Internships

Praxis Labs:
- 12 students, two professor mentors
- Spend nine months together
- Theme: Local Food and Human Diet, Fueling Up, How We Die, Culture and Mental Health

Scholar’s Groups:
- Arts and Cents Scholars
- Global Health Scholars
- Legal Scholars
- Social Justice Scholars
- Urban Ecology and Sustainability Scholars

Housing:
- Structured learning environment
- Great support for freshman
- Two-thirds freshman; one-third continuing students
- Housing is slightly more expensive than regular campus housing, but does not require a meal plan.
- Easy access to public transit, some parking is available.
- Requires reapplication every year.
- Officers Circle Housing is available to freshman but is recommended for juniors and seniors working on their thesis.

Your college education is one of the best investments you’ll ever make—but it doesn’t have to be the biggest. A degree at the U is a phenomenal value. In the Pac-12, the University of Utah is the best value for both in-state and out-of-state tuition.

**Typical Undergraduate Budgets 2015-2016**
Below is an estimated Cost of Attendance for an Undergraduate student attending fall and spring semesters, with a course load of 30 credit hours—15 per semester.

</table>

All costs are subject to change without notice and are expected to increase annually. The Cost of Attendance is based on estimated figures and may not accurately reflect an individual student’s costs. *Fees associated with student loan borrowing have been accounted for in the total budget for both Residents and Non-Residents. Loan fees will vary. **Miscellaneous costs include things like medical expenses, clothing, haircuts, telephone and other utilities, etc. ** Please note, this rate is based on reported average costs for all undergraduate students at the U of U. Freshman costs may be up to $2-3K less, due to lower freshman housing fees. Estimated costs may vary based on room type and meal plan selection.
A degree at the U is a phenomenal value, but it is still an investment. Whether it's scholarships, financial aid, or working on campus, there are options available to help you pay for college.

**Scholarships**
The Financial Aid and Scholarships Office offers a number of scholarships for resident, nonresident, first-year, and transfer students and maintains a database of departmental scholarships that you can search and apply for in order to help fund your education. All freshmen that apply for admission before December 1 are automatically considered for merit-based scholarships. Visit financial-aid.utah.edu to get started.

Scholarship Databases: The application process and deadlines for additional campus scholarships vary. Visit financialaid.utah.edu for more information. You may also apply for private scholarships not affiliated with the U, many of which are listed online and have unique application processes and deadlines.

**Financial Aid**
Did you know that students at the U have one of the lowest student debt rates in the country? Even with our relatively low tuition, you may find that you need a little help paying for college. Visit financialaid.utah.edu for more details. In order to apply for financial aid, you should take the following steps:

- Complete the Free Application for Federal Student Aid (FAFSA). In order to be considered for the most desirable aid, please make sure your file is complete by March 1.
- The University of Utah's FAFSA school code is 003675.
- Check your Financial Aid Status in Campus Information Services at cis.utah.edu.

**Working on Campus**
The following are options for campus employment:

- Work-study: If eligible, this may be awarded as part of your financial aid package.
- U Employment: Work in a regular part-time student job on campus. Search careers at employment.utah.edu/students.
- Career Services at careers.utah.edu: Off-campus internships and part-time or seasonal positions.
Scholarship Important Deadlines

Dec. 1
- Scholarships
  - Priority admission for freshman merit or diversity

Mar. 1
- Financial Aid and Scholarships
  - Application deadline for need-based and transfer merit scholarships
  - FAFSA and financial aid deadline

May 1
- Scholarships and Enrollment
  - Scholarship acceptance deadline
  - Enrollment deposit deadline
Financial Aid & Scholarships, Con’t

Scholarship Process

1. Students apply for admission by Application Priority Date of Dec 1st (Freshman) or March 1st (Transfer). For need based awards, along with the admission application (Feb 1st for Freshman, March 1st for Transfer), students must also complete the FAFSA by March 1st.

2. Scholarship recipients are selected based on Admissions Application information.

3. Recipients are notified approximately one to three weeks following their Admissions Decisions.

4. Students accept scholarship awards online, through the Campus Information Services (CIS).

5. Scholarship funds are first applied to the student’s tuition account. Any remaining funds (if applicable) will then disburse to the student.
Scholarship Process
All entering freshmen will automatically be considered for merit scholarships upon admission to University of Utah provided they meet the December 1st priority date.

Need Based Scholarships:
- Does not require a separate scholarship application.
- Students must complete FAFSA application and Financial Aid file with the University of Utah by March 1 to be considered.

Diversity Scholarships:
- Do not require a separate application but it is imperative to answer all fields and open response questions on the Admissions application by the December 1st priority date.
- FAFSA and financial aid data may also be used to evaluate diversity scholarship candidates.
- Additional diversity scholarships are available through the Office of Equity and Diversity.

Freshman* Resident Merit Scholarships
President’s
- Full tuition, mandatory fees, on-campus housing (equivalent of $3,000), cash award ($375/semester) for up to 8 semesters

Honors at Entrance
- $2,500/sem. for tuition for up to 8 semesters

Partial Honors at Entrance
- $1,250/sem. for tuition for up to 8 semesters

Trustees Scholarship
- 3.0 GPA, 28-29 ACT = $1,000/sem.; 3.0 GPA, 26-27 ACT = $500/sem. Renewable for up to 4 semesters

Cash at Entrance
- $500/sem. for tuition for up to 4 semesters

Valedictorian
- $500/sem. for tuition for 2 semesters (academic year)
- Non-renewable
- High school must send verification of valedictorian to Scholarship Office.

*Freshman: A student coming directly out of high school who has applied for admissions during his/her senior year of high school.

Freshman* Non-Resident Scholarships
President’s
- Full tuition, mandatory fees, on-campus housing (equivalent of $3,000), cash award ($375/semester) for up to 8 semesters

Academic Full Tuition
- Full tuition (no fees) for up to 8 semesters

Academic Partial Tuition
- Covers resident portion of full tuition for 2 semesters

Freshman Academic Achievement Award
- $3,000/sem., 3.0 GPA, 26-27 ACT, 1170-1240 SAT
- $4,000/sem., 3.0 GPA, 28-29 ACT, 1250-1320 SAT
- $5,000/sem., 3.0 GPA, 30-32 ACT, 1330-1430 SAT
- $6,000/sem., 3.0 GPA, 33-36 ACT, 1440-1600 SAT
- Scholarship has no implication on residency reclassification eligibility.

Alumni U Tradition
- $1,500/sem., renewable for up to 8 semesters
- Child of alumnus
- Non-resident
- 2.0 GPA
- Students cannot apply scholarship semesters towards residency.
Alumni U Heritage
- $1,500-$3,000/sem., renewable for up to 8 semesters
- Child of alumnus
- 3.0 GPA
- Students cannot apply scholarship semesters towards residency.

Western Undergraduate Exchange (WUE)
- Available for students from AK, AZ, CA, CO, HI, ID, MT, ND, NM, NV, OR, WA, & WY.
- Recipient pays 150% of tuition
- Will be awarded in a similar manner to other merit awards. Students will be selected and notified.
- Awards are limited
- Recipients cannot apply WUE tuition discount semesters towards residency.

*Freshman: A student coming directly out of highschool who has applied for admissions during his/her senior year.

What’s the Cutoff?
Scholarship “cutoffs” vary each year depending on the funding that is available, along with the current year’s applicant pool. This is why hard “cutoffs” aren’t published.

Who received freshmen merit scholarships last year?

</tbody>
</table>

All scholarships require full time enrollment. Need-based scholarships are also available; students must complete the FAFSA and their Financial Aid file by the priority deadline of March 1st to be considered.

*Freshman is defined as a student coming directly out of high school, graduating with their class, who has applied for admissions during his/her senior.

**Winners identified by the National Merit Scholarship Corporation.** Approximations are based on the previous year’s recipients but may vary depending on funding and the applicant pool.
Financial Aid
Who is Eligible for Federal Aid?
• Earned HS diploma or equivalent (GED)
• Admitted to a degree seeking program
• U.S. citizen or eligible non-citizen
• Valid Social Security Number
• Register with Selective Service (Males age 18-25)
• Provide verification documents if requested by school
• Make Satisfactory Academic Progress
• Not in default on federal student loans

How do I get Federal Aid?
FAFSA (Free Application for Federal Student Aid)
• Available January 1 of every year
• Must be submitted every year
• Use 2014 taxes for 2015-2016 Academic Year.
• If taxes are filed with IRS, applicant should use IRS Retrieval Tool to transfer information to FAFSA automatically.
• Priority application deadline is March 1.
• March 1 is also the date to be considered for need-based scholarships.
• www.fafsa.gov
• FAFSA Help: 1-800-433-3243

What is a Complete Financial Aid File?
• Admission to the U of U
• 2015-2016 FAFSA (www.fafsa.gov), need 2014 federal tax return
• Although a social security number is not required for the admissions application, it is required for federal aid and scholarships.
• Full legal name is required for federal aid and scholarships.
• Completion of any incomplete checklists (as determined by our office).
• When financial aid is awarded, students will be notified through their UMail account.
• Admissions letter to the U will have instructions on setting up a UMail Account.

Financial Aid Counselors can assist with the following:
• Filing the FAFSA Application
• Navigating through each step and answering general questions
• Tuition payment options
• Discussion of a special or unique circumstance, such as layoff, reduction of income etc., affecting a student’s ability to receive financial aid

FAQ’s
• Q: If I'm planning on deferring admissions, when should I apply for scholarships?
  A: Freshmen must apply during their senior year of high school, and then defer their enrollment with the Admissions Office.
• Q: Can I receive scholarships and financial aid?
  A: Yes! We encourage all scholarship recipients to also apply for financial aid.
• Q: What is the “cutoff” for merit based scholarships?
  A: The GPA/ACT requirements to receive a merit based scholarship varies from year to year, depending on the funding that is available, size and quality of the applicant pool.
Appointments are available Monday through Thursday

Residency Requirements

Because the U is the state’s flagship and a public institution, tuition for residents of Utah is substantially lower than for out-of-state students. Students attending from another state have the option to establish Utah residency to lower their tuition. This is usually done during the first year of school.

Application Term deadlines:
- Fall: July 1
- Spring: November 1
- Summer: April 1

Domiciliary Ties deadlines:
- Fall: May 1
- Spring: October 1
- Summer: February 1

General residency requirements:
- Must be physically present in the state of Utah for 12 continuous months
- Be financially independent
- Establish domiciliary ties by the required deadline
- Must apply for residency reclassification

Proving Physical Presence:
Here are the best ways to prove your time in Utah:
- Register for term length classes, including summer term (The U does not charge non-resident tuition during the summer term, so you’ll pay in-state tuition)
- Working in Utah during times you are not registered as a student.

Please note that rent receipts are not acceptable forms for proof of physical presence in Utah and owning a home is not grounds for claiming residency.

Financial Independence:
- This is determined by the student’s and/or parent's federal tax returns. The student can not be claimed as a dependent on the parent's tax return, if the parents live outside the state of Utah.

Domiciliary Ties require:
- Utah Drivers License.
- Utah Voter Registration.
- Utah Car Registration (where applicable).
- Must be established by the required deadline.

Scholarship Tuition Waiver Programs:
Participation in the following tuition waiver programs does not allow students to work toward residency:
- Western Undergraduate Exchange (WUE)
- U of U Alumni Non-Resident U Tradition Award

There are exceptions. To learn more, call the office. The most common are:
- Military exceptions
- Parents transferred or recruited to Utah for employment
- Marriage to a Utah resident

Foreign Students:
Non-citizen students who meet the residency requirements and have one of the following may apply for reclassification:
- Have received Resident Alien card to verify permanent resident status in the U.S.
- Have refugee or asylum status

Students who do not have permanent resident status in the U.S. could possibly qualify for one of two tuition waiver programs if they have attended a Utah high school for three years and graduated from a Utah high school. The tuition waiver programs are:
> HB 144
> HB 118

Resources
Students should familiarize themselves and be knowledgeable about the state residency laws, plan ahead, and meet all deadlines. Resources to help understand the state law include:
- Utah Code Annotated 53B-8-102
- Board of Regents Policy R512 = “Determination of Resident Status”
- U of U Institutional Policy

residency@sa.utah.edu
Residency Requirements

Students have a variety of options to choose from in both our residence halls and apartments. All buildings in Heritage Commons, except for Officers Circle, were built for the 2002 Winter Olympics and utilized by the athletes during the Games. In 2012, the Donna Garff Marriott Honors Residential Scholars Community opened by the Huntsman Center on lower campus. As diverse as the athletes who participated in the games, the buildings offer a variety of room options for our students. We have double, double deluxe, single, and single deluxe rooms spread throughout our residence halls, which are primarily for first-year students. Our apartments range from two to eight bedrooms and offer excellent amenities to students who wish to stay on campus for their sophomore through senior years.

Residence Halls
Students who live in our residence halls are **required to have a meal plan**. Having a meal plan benefits students by providing convenience and saving them time since they do not have to prepare meals. There are a number of meal plan options to choose from.

Apartments
Our two to four bedroom apartments include both private and shared bedrooms, shared bathrooms, a kitchen, and living room. Students who live in our apartments are **not required to have a meal plan**, but may participate in one if they would like. Our apartments are designed for sophomore students and above, with the exception of the Marriott Honors Community, which was designed for students admitted to the Honors College.

Room Types
There are numerous room types in our residence halls and apartments to meet the needs of our students.

**Living Learning Communities**
Students often want to connect with other students who share common interests and/or academic pursuits. Our living learning communities (LLCs) offer a variety of both theme-based and academic-based programming to students living in Officers Circle, some areas of Sage Point, and the Donna Garff Marriott Honors Residential Scholars Community. LLCs are geared toward enhancing the student's college experience by engaging them with faculty and other students inside and outside of the classroom.

Learn more at http://housing.utah.edu/options/undergraduate/
Undergraduate Research Opportunities Program (UROP)
The Undergraduate Research Opportunities Program (UROP) provides undergraduate students and faculty members the opportunity to work together on research or creative projects. UROP provides assistantships up to $1200 for any first-time UROP student who assists with a faculty member's research or creative project, or who carries out a project of her/his own under the supervision of a faculty member.

Students may apply for a UROP assistantship for any semester (summer included), and are eligible to apply for a one semester renewal of their assistantship. Renewals for any semester may be funded up to $600.

What is an Assistantship?
Learn more at urop.utah.edu/home.php

LEAP – First-year Learning Communities
LEAP is a year-long learning community that enables new students to transition more confidently to college and to play an active role in their own education. Students work with outstanding faculty in small classes and participate in social and service activities with other students and with Peer Advisors.

The heart of LEAP is a year-long seminar in which students stay with the same classmates and faculty member. The seminar is paired in the fall with writing classes reserved for LEAP students. In the spring, LEAP students are offered optional LEAP-only add-on classes in library research strategies, service learning, and major selection.

The year-long seminar fulfills two general education requirements and the University’s diversity requirement.

How big is the LEAP program?
In academic year 2014-2015, LEAP had 34 sections taught by 13 faculty members. Enrollment has been about 1,000 students, which means that roughly one out of every three incoming students elects to join the program.

Individual LEAP sections, however, are small. Most are capped at 30. Some sections are even smaller. A sophomore or junior-level Peer Advisor is assigned to each section and stays with that section throughout the year. Thus, students, Peer Advisors, and faculty all get to know each other well and are able to form a community within the wider LEAP community.

How will LEAP benefit me?
LEAP will prepare you to succeed in your future college work by actively engaging you as an individual and in teams to think analytically, creatively, and practically about issues important to the role of the citizen, nationally and globally.

In addition, LEAP will:
- Improve your writing skills.
- Develop sophisticated library research strategies to complete assignments related to your LEAP classes, and you’ll be offered the option of getting credit for a library research strategies course.
- Connect with at least one professor. This is an important relationship when you need recommendations for awards, scholarships, internships, or jobs.
- Have a chance to get to know your classmates and Peer Advisor, since you’ll have a class with them both fall and spring semesters.
- Receive expert (and now required) academic advising right in your LEAP classroom and will automatically receive early registration for your second semester.
- WRTG 2011 is a LEAP-only classes that
fulfill the lower division writing requirement.

- Optional courses in major selection, LEAP 1050
- Make progress on your general education requirements: completing two of these, as well as the University’s diversity requirement, by taking your fall and spring LEAP seminars.

**How do I enroll in LEAP?**

You enroll in LEAP at Orientation, when you enroll in your other classes. Visit the orientation website at www.sa.utah.edu/orientation - opens new window or call 581-7069 to sign up for your orientation time. LEAP fills on a first-come, first-served basis, so the earlier you attend Orientation, the wider your choice among LEAP options will be.

**BlockU Programs**

The BlockU Program is comprised of a set schedule of two semesters — 15 hours each semester— that bundles General Education, support for student success, and integrated learning. Organized around a specific theme like Global Citizenship, Sustainability or Creativity and Community, Block U students participate in a core learning community, community based learning, a set of General Education courses organized around a central theme, and have the support of peer mentors and student success advocates. Students receive a designation on the transcript upon the completion of two semesters of BlockU. Students engage in research during the second semester of the core learning community in a problem-based learning research project. The aim of the BlockU Program is to provide the best support for student success, an integrated course through General Education and the application of new knowledge in real-world learning applications. Learn more at ugs.utah.edu/blocku.

Select your BlockU from one of these options:

- Creativity & Community
- Global Citizenship
- Sustainability
- Art & Science
- Entrepreneurship & Society
- Medical Humanities

**Benefits of BlockU**

- Two Semesters Can Finish
  - General Education
  - Cohort Experience
  - Development of a Learning Portfolio
  - Access to Student Success Advocates, Peer Mentors, and a Librarian
  - Faculty Dedicated to Student Success

**My University Signature Experience (MUSE)**

The MUSE website is a “Portal of Opportunity” connecting students with great learning experiences across campus. Looking for an internship or a leadership opportunity? Want to join a cohort of students with similar academic interests, find a research position with a U professor, or get involved in an innovative project? Interested in learning abroad or being engaged with the local community? The U offers opportunities in all fields – just select your interest or discipline from the list at muse.utah.edu and start your search!

**Innovation Scholars**

The University of Utah is known as a place where great innovation happens. We are a recognized national leader for new technology start-ups, home to Nobel Prize winner Mario Capecchi, and an industry pioneer in video-game design ... innovation and creativity are part of our culture.
The Innovation Scholar program helps students understand the process of innovation through a personalized road map. The first step is to register for the Innovation Scholar Road Map class, UGS 3050. Throughout the Road Map Class you will explore your goals and passions, learn about the process of innovation, create your own solution-based road map, and create a personalized online portfolio that illustrates your accomplishment.

Learn more at www.techventures.utah.edu/innovation/about.php

Business Scholars
The David Eccles School of Business is pleased to offer an experiential learning program for incoming freshmen called Business Scholars. The program is for students who are prepared for a comprehensive immersion into the full spectrum of business disciplines. A small class will spend a year examining case studies in five areas: marketing, entrepreneurship, accounting, finance, and management. Each case study will culminate in a site visit with the possibility of regional travel at no cost to the students. Previous case studies include the Colorado Rockies baseball team for marketing, Bluehouse Skis for entrepreneurship, Ross Stores for management, a regional airline for accounting, and an investment banking firm with ties to Pacific Rim startup companies for finance. Over the summer students also have an opportunity to travel internationally with Business Scholars to learn about the role culture plays in global business.

Admitted students will enroll in the Business Scholars Seminar course (BUS 1150) for both fall and spring semesters of their freshman year. Students will participate as a cohesive group in the honors-level, cutting-edge case studies that will be presented by top-level faculty and industry professionals both on and off campus. Students will also receive special preparation to compete in the job market for meaningful summer internships with top local and regional companies. Learn more at undergrad.business.utah.edu/page/business-scholars.
The LGBT Resource Center
The LGBT Resource Center seeks to provide a safe environment for students, faculty, staff, alumni, and community members to promote, educate, and develop programs centering on sexual orientation and gender identity. They also provide a comprehensive range of education, information and advocacy services, and works to create and maintain an open, safe, and supportive environment for LGBT students, staff, faculty, alumni, and the entire campus community. Our services and resources:
- Raise awareness regarding lesbian, gay, bisexual, and transgender issues.
- Affirm lesbian, gay, bisexual, and transgender identities and lives by fostering a safe, inclusive, multicultural environment for the U’s LGBT community.
- Support the academic mission of the University of Utah by promoting the inclusion of LGBT topics in the curriculum and other academic programs.
- Build linkages with other LGBT organizations and allied programs through outreach and community development efforts.
Learn more at lgbt.utah.edu.

Parent & Family Programs
Parent & Family Programs in the Office of Orientation and Leadership Development strives to support parents and family members of undergraduate students by communicating accurate and timely University information, providing programming that connects families with the University, and recognizing families as University partners in assisting students with their academic endeavors. Learn more at orientation.utah.edu/parents/.

The Personal Money Management Center (PMMC)
The Personal Money Management Center (PMMC) is a resource for students to assist them in making smart, informed decisions about their money. Whether students are struggling to make “ends meet” or whether their finances are in pretty good shape, there is always room to improve one’s financial situation. The PMMC was created to help students in a safe, competent and confidential atmosphere with one-hour consultations to address their financial concerns.

In addition to these one-on-one sessions, the PMMC also offers monthly workshops aimed to increase students’ understanding of general financial topics. These topics include banking, insurance, budgeting and tracking of expenses, student loans, credit scores and credit reports, identity theft, and the basics of investing. Other workshops are presented in a succession and give students a financial boot camp or allow them to apply for matched savings accounts.

Our website has financial tools for everything from creating a budget to loan repayments. One can also schedule an appointment online.
In a 2009-2010 survey of University students, 69.7% of students indicated that they would appreciate and value a resource on campus to assist them in personal financial management in preparation for post-graduation success. The PMMC welcomes this opportunity. Visit our site at personal-money-management.utah.edu/.
The Bennion Center
The Bennion Center fosters lifelong service and civic participation by engaging the university with the greater community in action, change and learning. The Center also administers the Alternative Spring Break Program, which dispatches teams of college students to distant communities over school breaks. Learn more at bennioncenter.org.

The Women's Resource Center (WRC)
The Women's Resource Center (WRC) at the University of Utah serves as the central resource for educational and support services for women. Honoring the complexities of women's identities, the WRC facilitates choices and changes through programs, counseling, and training grounded in a commitment to advance social justice and equality. Learn more at womenscenter.utah.edu.

Center for Student Wellness
Our mission is to create, nurture, and promote a University environment supportive of healthy life-long behaviors and enhance academic and personal success. We are here to assist students in skill development that will enhance their personal wellness and ability to succeed, not only in the classroom, but in all areas of life: intellectual, physical, social, spiritual, financial, environmental, and emotional.

One of the main services that the Center for Student Wellness provides is health education. Health education is defined as the principle by which individuals and groups of people learn to behave in a manner conducive to the promotion, maintenance, or restoration of health. The ultimate aim of health education is positive behavioral modification.

Some of our services include: the provision of health information relevant to students – most often this includes information on stress, sleep, nutrition and tobacco use; HIV and STD testing; alcohol education and prevention; and making policy recommendations to maintain a healthy learning environment.

Counseling Center
We offer support to U students, staff, and faculty to assist with a variety of personal, academic and career concerns. Our approach is collaborative, goal-oriented, and multiculturally sensitive. We are here to help you develop more personal awareness and learn the skills you need to be successful while you are here at the University of Utah. Learn more at counselingcenter.utah.edu.

Center for Disability Services
The Center for Disability Services provides accommodations and support for the educational development of students with disabilities. We strive to improve understanding and acceptance of students with disabilities throughout the University community. Our mission is accomplished through:
- Direct assistance to students to encourage and enhance their independence.
- Ongoing cooperative efforts to develop and maintain an accessible physical environment.
- Educational efforts to create a supportive psychological environment so students can achieve their educational objectives.
A cooperative relationship is maintained with relevant campus departments to ensure the University of Utah complies with federal and state regulations regarding students with disabilities. Learn more at disability.utah.edu

**Center for Ethnic Student Affairs**
The living mission of the Center for Ethnic Student Affairs (CESA) is to provide support to students of color at the University of Utah. While primarily serving the needs of African American, American Indian, Asian American, Latina-Latino, and Pacific Islander students, CESA promotes an environment of acceptance that honors all forms of diversity. The center is committed to providing programming that assists students in navigating cultural, economic, social, and institutional barriers in order to achieve academic excellence. CESA (diversity.utah.edu/students/cesa) informs its work through the following guiding principles:

- Retention
- Academic Excellence
- Students of Color as Knowledge-Holders
- Honor
- Equity
- Intent and Impact

**Veterans Support Center**
Transition to campus life can be challenging for non-traditional students, such as Veterans and returning military. These challenges are even more pronounced for student Veterans who are often returning from the strict regimes of combat service abroad to the unfamiliar environment of campus and classrooms.

The Center is staffed by student Veterans who are committed to providing their fellow Veterans with the most useful and current information available to assist them with this transition. The Center maintains relationships with university counseling, tutoring centers, and ASUU to ensure that student Veterans have a personal contact within these organizations when they find that they are in need of services.

The Center serves as a drop-in location for study and discussion, as well as a place to develop contacts and friendships among the university’s student Veterans. The Center will soon begin work with the Trio Office on campus to bring the Veterans Upward Bound Program to the University of Utah. This U.S Department of Education program is designed to motivate and assist Veterans in the development of academic and other requisite skills necessary for success in a program of postsecondary education. Learn more at veteranscenter.utah.edu.

**Center for Learning Abroad**
The Center for Learning Abroad seeks to positively impact students, the campus, and the community by fostering connections between the University and the world. We provide global education experiences to students both on and off campus, including a wide variety of signature learning opportunities through learning abroad programs world wide. We also coordinate and track international activities and programs across the University and work closely with other academic and staff organizations to make the University of Utah a truly international institution.
Research shows that University of Utah students who learn abroad graduate faster, have higher GPAs, and are more engaged on campus and in the community. Learning abroad alumni consistently report that their experiences abroad impacted them academically, personally, and professionally. Learn more at learningabroad.utah.edu/handbook/content.php.

**Associated Students of the University of Utah**
The Associated Students of the University of Utah (ASUU) is committed to increasing student involvement at the University of Utah through university committees, student government, and student clubs and organizations. ASUU coordinates and supports over 500 student groups and provide funding, advice and ways for you to find and connect with students that share your interests. Learn more at www.asuu.utah.edu

**Campus Recreation Services**
Campus Recreation Services is dedicated to educational enrichment, encouragement of active participation, development of the complete individual, and the discovery of lifelong happiness. This is done though providing services dedicated to meeting the needs of students. Campus Recreation provides facilities for weight lifting, cardio training, dancing, tennis, basketball, soccer, squash, and cycling. In addition, there is an indoor and outdoor running track, volleyball and badminton courts, 3 swimming pools, and 4 racquetball courts. Campus Recreation also runs the Outdoor Recreation program which provides equipment rental for all seasons of play.

**Greek Life**
The University of Utah Greek system consists of 9 fraternities and 7 sororities. Sororities and fraternities are rooted in founding principles that foster academic achievement student involvement, community service, and life-long friendships.

Scholarship: Fraternities and sororities promote academic excellence through peer tutoring, class selection assistance, group study sessions, resource information, learning incentives, increased computer lab access, and scholarship opportunities. Most chapters work to provide new members with upper-classmen study partners, all-house quiet hours, and help to arrange for tutors and study sessions that work to improve time management, study skills development, and improvements in test taking.

Service: Service and philanthropy are a key aspect of Fraternity and Sorority Life at the U. Organizations currently supported include, but are certainly not limited to: Camp Hobe, Hogle Zoo, the Huntsman Cancer Institute, and more.

Leadership: Each chapter provides its members with the opportunities to serve as officers, committee representatives, membership or pledge/associate assistants, and a variety of other executive and non-executive positions.

**Career Services**
Career Services offers help to students, alumni and faculty, visit their site at careers.utah.edu to learn more about careers open to you after you complete your major, or to check available jobs, workshops and employers.
Leadership Development
Learn about yourself as a leader and about events to practice leadership skills. Leadership Development provides training opportunities for current and aspiring student leaders through programs, conferences, and support. Visit orientation.utah.edu/leadership.

Office of Undergraduate Studies
The Office of Undergraduate Studies is dedicated to providing you with an exceptional educational experience that is seamless, inspirational, engaged, and will motivate you to have an impact. Our many innovative programs and exciting new initiatives aim to bring the world into your classroom, engage you with peers and mentors, and create shared learning experiences you won’t always find in a traditional class setting.

University Writing Center
The University Writing Center provides free, one-on-one tutoring to students for any range of writing assignments - college essays, employment resumes, or even doctoral dissertations. For more specific information, visit the University Writing Center’s webpage at www.writingcenter.utah.edu or its main office on the second floor of the Marriott Library.

ASUU Tutoring Center
The ASUU Tutoring Center provides high-quality, affordable (sometimes free!) tutoring to U of U students. Students can schedule tutoring sessions during normal campus hours. Free drop-in tutoring sessions are also available at the Peterson Heritage Center (near the residential halls). For more information, go to www.tutoringcenter.utah.edu.

Hinckley Institute of Politics (HIP)
Established in 1965 by Robert H. Hinckley, the Hinckley Institute of Politics is the place for students to become engaged in political, governmental, and civics processes. HIP offers more than 300 internships to students each year at Utah and Alaska State legislatures, in Washington, D.C., and in many locations abroad. Since its founding, HIP has sent out more than 5,000 interns. Head to the Hinckley Caucus Room in Orson Spencer Hall to hear weekly forums from government leaders, foreign ambassadors, and political experts. While your there, think about applying for internships, scholarships, or the Campaign Management Minor. For more information, visit www.hinkley.utah.edu

Union Programming Council (UPC)
As the major event planning committee on campus, UPC is responsible for organizing Crimson Nights, the monthly party at the Union. The council also hosts events throughout the year such as Food for Finals, Oktoberfest, Date Night, bowling tournaments, speakers, and concerts. For more information, visit www.upc.utah.edu.
