Most undergraduate applicants are admitted as pre-majors to the University. Additional requirements may be needed in order to formally join a major. Students applying to Engineering or Architecture + Planning may be considered for direct admission to the respective program. Admission to the University does not guarantee admission to an undergraduate major and acceptance into a program or undergraduate major does not guarantee admission to the University.

Pre-Dental, Pre-Law, Pre-Med, Pre-Optometry, and Pre-Veterinarian are not majors. Students interested in these fields will need to choose a major and schedule preprofessional advising with the applicable college.
