THE CLASS OF 2020 IS GROWING!

The second round of admissions notifications were released March 1. Students who have yet to apply, should do so by April 1 to avoid paying a late fee. Students can also track their application using the application tracker online.

If you have students who have confirmed their intent to enroll and are on their path to becoming a Ute, send us their names or post a picture of your student to social media using the hashtag #counselwithu and you’ll be entered into a drawing to win Utah Swag! A drawing will be held until April. The March winners will be announced in the April newsletter!

If you don’t want to use social media, send names/pictures to Katie at kmatisohn@sa.utah.edu.
CONFIRM INTENT TO ENROLL

All admitted students to the University of Utah must confirm their intent to enroll and pay the $150 Enrollment Deposit by May 1. The deposit is required before a student can register for New Student Orientation or enroll in classes.

The deposit will be applied towards the first semester’s tuition. For more detailed information or to request an extension of the Enrollment Deposit, please visit the website.

NEW STUDENT ORIENTATION

All first-time, new students (including out-of-state students) are required to attend New Student Orientation. Registration is now open, and sessions occur all summer. Students must register, walk-ins are not permitted. Students will not be able to register for classes until they attend.

Out-of-state students are welcome to lodge on campus in the University Guest House during their stay.

NEXT STEPS FOR ADMITTED STUDENTS

If you have students who have been admitted to the U, here are the next steps they need to take to get to here.

1. Create their Campus Information Services (CIS) Account - information is in their admissions letter.
2. Activate their University EMail Account (UMail) - all official university communication will be sent to this account.
3. Submit a Housing application, by visiting www.housing.utah.edu, the priority application date is April 1.
5. Confirm their intent to Enroll and Pay the $150 Enrollment Deposit - saves their spot at the U.
6. Register for New Student Orientation.
7. Submit proof of immunizations - learn more about the requirements.

After High School Graduation:
8. Students must submit their final transcripts to the Office of Admissions.

ACT/SAT AND APPLICATION REMINDER

Please remind students that it is very important to enter their full names and date of birth accurately when filling out test forms and applications. It is a good idea that they use their full first and last names (no nicknames) on their tests, applications, and transcripts. They should also use the same email address for all materials. This makes the process of matching materials easier, the processing of applications quicker, and avoids undue confusion and stress for the student.
SCHOLARSHIP DECISIONS

Students who applied by December 1 should have received decisions on merit scholarships. Be sure to remind your students that scholarships from the University Scholarship Office must be accepted/declined by May 1 through CIS.

Diversity scholarship decisions will be released starting this month through April.
